SUMMARY

- I am a Senior UI/UX Designer with over 13 years of experience creating user-friendly, accessible, and visually appealing digital products. I specialize in designing web and mobile applications from concept to delivery, covering research, wireframing, prototyping, usability testing, and collaboration with developers.

- My design philosophy blends creativity with usability, ensuring every product I build not only looks good but also solves user problems effectively. I stay updated with the latest design trends, accessibility standards (WCAG 2.1), and frameworks like Angular and PrimeNG to deliver modern, responsive, and inclusive user interfaces.

- I create seamless experiences that align with both user needs and organizational goals. My approach emphasizes collaboration, innovation, and continuous improvement to deliver designs that are visually compelling in terms of usability and performance.

EXPERIENCE

GeBBS Healthcare Solutions | Sr. UI/UX Designer

Mar 2020 – Present | Navi Mumbai

- Developed wireframes, prototypes, and user/process flows in collaboration with cross-functional teams to ensure intuitive and user-centered web application experiences.

- Crafted visually appealing and functional dashboards by designing layouts, buttons, Icongraphy, typography, and color schemes aligned with usability best practices and brand guidelines.

- Used design tools such as Adobe XD, Figma, and Balsamiq to create clickable prototypes for user testing and demo presentations.

- Converted wireframes and user journey maps into visually engaging and user-centric high-fidelity designs.

- Utilized PrimeNG and Material Design libraries to build consistent and responsive UI components.

- Coordinated closely with development teams to ensure user-centered design remained a priority throughout all project phases.

- Managed and tracked design tasks using Azure DevOps and Jira to ensure smooth collaboration with cross-functional teams.

SKILLS

FRONTEND

HTML5   CSS3   Bootstrap 5

Jquery   PrimeNG   Angular

Responsive Design   Media-Query

TOOLS
